COLLECTION

OUR COMMITMENT TO THE ENVIRONMENT

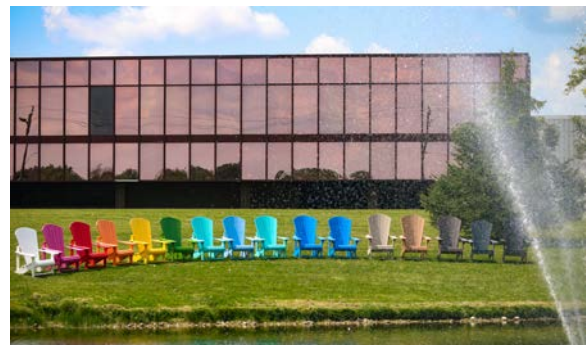

Each Adirondack Chair uses 579 recycled milk jugs

OUR PROCESS

We use high density polyethylene (HDPE) plastic, grind it up and then blend it together with pigment. The mixture goes through overhead pipes to extruders that then melt the mixture to form durable, plastic lumber. We also use custom in-house molds that reduce hardware and make our furniture structurally superior. HDPE plastic is common in bottle caps, milk jugs, and orange juice containers (No. 2 plastic ). We buy these types of post-consumer and post-industrial plastics, grind it up and use it to make beautiful outdoor furniture.

- Manufactured from up to **100% recycled plastic**
- We use **millions of pounds** of bottle caps & recycled plastic each year
- Over **23 years** of responsible upcycling creating beautiful outdoor furniture that lasts a lifetime

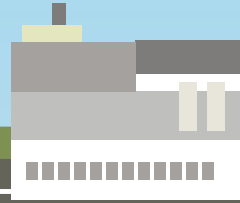

We are a vertically integrated company that manufactures all of our products in our 300,000 sq ft facility in Stratford, Ontario, Canada.

Rustic Meets Contemporary

The Harvest Collection blends both traditional and contemporary elements to comfortably seat 6-8 people

Angled Back Rests

The Harvest Collection benches and chairs are also available with beautiful angled back rests for additional back support and comfort

Harvest Collection

A photograph of an outdoor dining area seen through a large window. In the foreground, two light-colored wooden chairs with a cross-beam backrest are positioned at a dark wooden table. The table is set with several glass carafes containing red and orange beverages, a vase of white flowers, and some fruit. In the background, another table is visible with more carafes and a lamp. The scene is set outdoors with trees and a large mossy rock in the background. A dotted line with a white circle at the end points from the text to the chair's backrest.

Multiple Seating Options

Harvest benches and chairs are available with and without a back support

Woodgrain Cross-Beam

Our beautiful woodgrain recycled plastic cross-beam is made with improved stability and durability in mind

Designer Recycled Plastic Frame Colours and Premium Two-Tones

Self wicking, marine grade cushions are resistant to sun, salt, rain, mildew, and mold. UV grade stitching with integrated zippers provide strength with longevity.

The foam for our Deep Seating cushions are all dacron open cell, medium density Polyurethane foam that is water resistant and drains easily.
